THE CHAISE OF A GREEK PRIEST who refused to tolerate a child because its father wanted it to be named "Togo" hails from Trebizond. A compromise, we understand, was arrived at, by calling the infant "Alexandros Togo."

HOTEL BEAU RIVAGE.—The first ball of the season at this hotel will be held on Thursday next, when special trains will run up to 1.30 a.m. Dancing will commence at 10 p.m., the music being supplied by the band of the R. Berks Regiment. A small dance is to be given at the hotel every following Thursday evening during the season.

JEUNES ECONOMES DES PAUVRES.—We are requested by Mlle Claire Ricard, president of the "Jeunes Economes des Pauvres," to state that the annual lottery in aid of the work will be held on Saturday next, 3rd proximo, at 11 a.m., in Ghilon's establishment, Cherif Pasha-street, in one of the windows of which the prizes are being shown.

Ludlow, Staff, 375; Major R.N. Gamble, D.S.O., 2nd Bn. Royal Berks. Regt., 397; Sergt. A. Schenbri, R.M.A., 455; Private G. Dithburn, A.S.C., 390. The maximum number of marks obtainable was 500.

THE CAIRO CITY FIRE BRIGADE, under the command of Captain Blake, was called out on Saturday morning to a small outbreak of fire which occurred at a shop in the Haret el dik, at the corner of Sharia el Kamel, but on their arrival it was found that their services were not required. The fire was caused by a cigarette and being thrown on a mattress, but very little damage beyond the destruction of the mattress was done. This is the 115th time the fire-brigade has been called out during the present year.

COLLEGE OF ST. FRANCIS XAVIER.—The fête of the father superior of this college was held on Saturday and yesterday. On the former day an exhibition of limelight views and cinematograph pictures took place before a large audience, the screen being placed in the centre of the building in which the entertainment took place; in front of it the visitors were seated and behind it the boys of the college. A number of views illustrative of a pilgrimage from Jaffa to Jerusalem were first shown, and the applause with which many were greeted showed that the various groups contained the figures of many who were recognised by the audience. These were followed by some excellent cinematograph scenes, representing incidents in the life of Christ, from the entry into Jerusalem to the Crucifixion and entombment, the series closing with the "Apocalypse of Jesus." Scenes of general interest followed; incidents of a house on fire, arrival of the fire-engines, rescue of occupants, etc., being vividly portrayed; the assassination of the Grand Duke Sergius; one or two charming fairy tableaux, and finally a Cavalry review by the French President. At the close of the exhibition a presentation of flowers was made to the father superior, who acknowledged the gift in a speech of some length.

of the most powerful organisations in the country.

The whole concern was valued at double the capital as given below. Subsequently it has decided to reduce the estimate on which this was based by one half, each factory being paid by an equivalent in shares. The Egyptian Investment and Agency, Limited, intend offering 75,000 one-pound shares at a premium of one pound to their shareholders and friends.

There are other ginning factories taken over besides those mentioned above, which are only the chief concerns. Nearly all the banks are interested in the company, which is destined to occupy as high a position in ginning as the Société de Pressage et des Dépôts does in pressing. There will probably be a limited public subscription in about ten days' time.

This combine will be of great advantage in regard to the financial equilibrium of industrial Egypt. Other the position of up-country ginners with little capital has caused a good deal of nervousness to the banks, but all this anxiety will be obviated by the combine, which will develop so as in course of time to give in all the centres, and will have a virtual monopoly of this business throughout Egypt.

The following are the details of the registration:—Associated Cotton Ginners of Egypt, Limited.—Registered May 17th, by Worthington, Evans and Co., 27, Nicholas Lane, E.C. Capital, £360,000 in £1 shares. Objects: To amalgamate, continue and develop the cotton ginning factories, presses and accessories and the business connected therewith owned in Lower Egypt (1) by Messrs. Chorem, Benachi and Co.; (2) by Messrs. C.M. Salvago and Co.; (3) by Messrs. G.G. Zervoudaki and Sons; (4) by Messrs. J. Plants and Co.; (5) by Messrs. Carver Bros. and Company, Limited; (6) by Messrs. V. and C. Baos; and (7) by La Société d'Egrenage de Zagazig; with a view thereto to enter into an agreement with the Egyptian Investment and Agency, Limited, and to carry on the business of cotton ginners and presses, and any other business incidental or auxiliary thereto. DOG REGULATIONS.

The regulations drawn up by the Alexandria Municipality for the registration of dogs are published in yesterday's "Journal Officiel" and come into force one month after date of publication. All owners of dogs must make a declaration to the Municipality within fifteen days stating where they live and the number of dogs in their possession. Every dog registered will receive a number corresponding with the name of the possessor, which will be entered in a register for the purpose. All dogs must carry a metallic plaque bearing number. These plaques will be supplied free by the Municipality, or the owner may have his own plaque made in accordance with the Municipality's model. Dogs found in the public streets without the regulation plaque on their collar will be seized and if thought necessary by the Municipal "vet" destroyed immediately; otherwise they will be held at the disposal of the owner for five days and then destroyed if not claimed. If claimed the owner will have to pay at the rate of P.T. 4 per day for the animal's keep.

DEATH OF MRS. BALBI.

We deeply regret to announce the death of Mrs. Eileen Balbi, the wife of Major H.A. Balbi, R.M.A., who died at Malta on Saturday week (20th May) after a brief illness. The funeral, which was strictly private, took place yesterday week. Mrs. Balbi was the daughter of Fleet Surgeon McDermott, R.N. She had only left Alexandria with the Royal Malta Artillery, which her husband commanded, a few weeks ago, and during her residence in Egypt had made a large number of friends, to whom the sad news of her untimely end will come as a great shock, as the deceased left Egypt in apparently the best of health. The following sympathetic notice is extracted from the "Malta Chronicle":—

"The death of Mrs. Balbi has brought a heavy weight of grief, not only upon Major Balbi, but upon a large number of the inhabitants of Malta, to whom the deceased lady was well-known and by whom she was greatly respected."

"In Egypt too many will learn with astonishment and sorrow that Mrs. Balbi, who had helped to make the long days in a foreign land pass with less weariness to the English and Maltese community there, and who lent herself willingly to the forwarding of good works of a permanent nature, is no more."

"It is yet but a short time since Major and Mrs. Balbi returned to Malta along with the contingent of the R.M.A. which had done duty there. There was nothing to cause the fear that her days would so quickly end. Still there is gloom now where her presence brought brightness."

"The recent loss of the deceased lady's return to this island, her comparative youth, the shortness of her illness, have all combined to impress her friends and acquaintances, and to awake a deep sympathy with those who now most mourn her loss."

goods, cattle, etc., by waterway in Egypt and all other enterprises subsidiary thereto. The company declares that it recognises retrospectively the concession granted to Messrs. Ad. Cattani & Co. by the Egyptian Government for the construction of pontoons on the two banks of the Nile between Old Cairo and Rod el Farag, and of the conventions made by the same firm with Messrs. Thos. Cook & Son (Egypt), Limited, and the Anglo-American Nile Steamers and Hotel Company, Limited. The capital is £1,000,000 in 2,500 shares of £1 each. It has already been subscribed and the following persons have taken up the undermentioned amount of shares:—

Messrs. Ad. Cattani & Co., 1,800, Ad. Cattani, 100, Gustave Cattani, 100, Alfred de Menasse, 100, Dario Finzi, 100, Paul Ortol, 100, Robert S. Rolo, 100, André Suarès, 100. These gentlemen will form the board of directors.

A PROSPEROUS COMPANY.

To-morrow the annual general meeting of the Anglo-American Nile Steamers and Hotels Company will be held at Cairo, when a very satisfactory statement of this company's progress will be placed before the shareholders. We understand that £25,000 six per cent. debentures are to be redeemed, and besides a dividend of eight per cent. on the year's working a bonus of one per cent. will be given, making a total of nine per cent.

The company has been so successful this year that all the preliminary expenses, which amounted to nearly £3,000, are to be written off, and £10,000 will be placed to the reserve, bringing the reserve fund up to about £12,000, and leaving about £2,700 to be carried forward to the profit and loss account for next year.

THE SUEZ CANAL COMPANY.

At the meeting of the council of the Suez Canal Company held on the 22nd inst., the dividend on the ordinary shares for the year 1904 was fixed at 141fr. (£5 12s. 9d.) net, free of taxes, equivalent to a little more than 28 per cent. on the 500fr. shares. Mr. T.W. Hughes, the managing director of the Harrison Line, of Liverpool, was at the same time nominated as a British administrator in the place of Mr. J.B. Westray, who has resigned.

It is believed that the transit dues will be reduced from 8fr. 50c. to 7fr. 75c. from January 1 next, in consequence of the increase in the receipts.

The dividends for 1904 to be distributed by the company include the following:—On shares "de jouissance," fr. 117.447; and on founder's shares, fr. 66.57, both net.

THE LOCUST VISITATION.

Mr. Macell left Cairo last Thursday and proceeded to Maghaga, where the larger flights of locusts have been observed, in order to personally inspect this part of the country and to find out if any damage had been done, and to what extent the locusts had laid eggs. He found, however, that although a considerable number of locusts had alighted in these spots, they had almost entirely disappeared, and that very few eggs had been laid. Owing to the prevalence of N. to N.E. winds there is very little fear of a recurrence of the plague from which the country suffered last year.

THE PLAGUE.

Eight cases of plague have been notified in Egypt since the 21st inst., viz., 2 at Mit Ghazir, 3 at Menout, 2 at Port Said, and 1 at Alexandria. One death from plague was reported yesterday from Damahour and also 1 from Menout. There are now eight cases under treatment.

SUSPECTED PLAGUE ON SHIP.

The English steamer "Van Colquhoun," which left Bombay on the 12th inst., arrived at Suez on Friday last with a case of suspected plague aboard. Dr. Vay states that on examination he found that the patient was suffering from a bubo in the left femoral region. There was no doctor on board the vessel but the captain informed Dr. Vay that the patient, who is an Indian, fell ill four days after leaving Bombay and that for three days his temperature was 40° to 40.5° Cent., after which he gradually improved, and his condition is now satisfactory. After disinfection the vessel was allowed to proceed through the canal in quarantine.

CATTLE PLAGUE.

During the week ending 27th inst., three deaths from cattle plague were notified, viz., 2 at Hehia, province of Charikh, and 1 at Ghizah. The number of deaths during the corresponding period last year was 5,643. Between the 21st and 27th May, 1,156 animals were inoculated.

Since the commencement of the epidemic the total number of deaths amounts to 147,213, distributed as follows:—Governorates 899, Lower Egypt 54,089, Upper Egypt 92,821.

Mr. C. K. Radd is improving Kiloahon Lodge, on his Ardnamurchan estate, in Argyllshire, as an autumn residence for his son-in-law and daughter, Sir Eldon and Lady Gorst. Mr. Radd, since he bought the estate, has improved it at great expense and has built a palatial residence, probably the finest erected in Scotland since Mount Stuart.

Dr. Douglas Dunlop, Secretary-general of the Ministry of Public Instruction, is leaving for Scotland this week.

Major R. H. Penton, D.S.O., R.A.M.C., having vacated his appointment as P.M.O. of the Egyptian Army, has returned to duty under the War Office, and has been posted to Portsmouth.

Mr. Perry, Chief Inspector of Towns and Buildings, will leave for England on June 8.

H.H. the Khedive, before leaving for Europe, was graciously pleased to confer the grade of Montemari (bey) upon Mr. Augusto Luzzato, general manager of the Bank of Egypt.

The marriage of Mlle Victorine S. Naggia to M. Alexander N. Dahan took place on Saturday last at the Carlton Hotel, Bulkeley, which is admirably adapted for such a circumstance. There were 150 guests present, and after the nuptial benediction had been given a move was made to a sumptuous buffet which had been prepared and which reflected the greatest credit on the hotel management.
